Join the EBCI Financial Literacy Program

This program includes a budgeting game, stock trading simulation and personal finance lessons (which includes supplemental content and assessments for your students). PersonalFinanceLab uses innovative **technology** and **gamification** to help teach topics such as budgeting, saving, investing and debt/credit management. This fun and interactive program is used by thousands of high schools and universities each year to provide real-world experiential learning in the classroom.

*Individuals can register below. **Instructors will need to request access for their students.**

STOCK|TRAK
FINANCE. EDUCATION. GAMIFIED.

WHAT IS STOCK-TRAK?

Stock-Trak Inc. has been the leading provider of educational stock market portfolio simulations and personal finance applications since 1990. In the budget game, you learn how to make responsible buying decisions that balance your needs vs your wants. You are encouraged to purchase products and services that foster a higher quality of life.

In the stock game, you get valuable experience building a virtual portfolio that mimics how real-world investors save for retirement. You will experience trading and investing in US securities with real-time prices.
